BOARD OF EDUCATION.

The school board, during the past year, has been exceedingly fortunate in securing for their several schools, first class teachers, with long experience as such, who have put in their whole time, and manifested full interest for the advancement of the education of the scholars in their charge. We do not hesitate to say that there has been as much improvement in the training of the pupils in all of the different branches taught as in any year within our remembrance.

The coming year we intend to secure the best teachers that are to be had, and we sincerely desire that we may have the co-operation of parents, guardians and all persons having the care or custody of scholars, in making each and every school a perfect success; manifesting an interest by sending their scholars, and seeing to it that they attend all the time while it is in session.

This board wishes to call especial attention to the fact of the general attendance throughout the schools in our town. We have a state law which obliges the attendance of all pupils between the ages of eight and fourteen, and it is our duty to require compliance with this law. In the past there have been cases of unnecessary absences. Parents have allowed their children to be absent from school, and the authorities now intend to enforce this law. Every person should understand, without any law, the necessity of at least a common school education, and that any young man or woman of this advanced age has no possible chance of future

success without it. We sincerely hope that the parents or guardians will render their willing assistance in correcting this small, yet important matter.

Respectfully submitted,

CHESTER H. DRAKE,	}	School Board
JOSIAH W. THURSTON,		of
E. FORREST LEAVITT,		Effingham.
